When it's your turn to entertain...

Bring alive your table with our contemporary range of centrepieces. All our designs are available to hire and utilise crystals, fibre optic and LED lighting.

Produced to order with that stamp of JacBee trademark originality, attention to detail and flair, each bespoke piece can take on a different style and one of a variety of colours to match your theme.

So whether you're looking to bring in the New Year in style, add a touch of class to that winning Welsh try, sparkle at that masked ball, glisten at the Christmas party or simply perfect that all important big day - we have the "that's it" piece just right for you.

The 007

One of our personal favourites, this piece truly has the wow factor.

The simple arrangement of LED lights, crystals and blue fibre optic set in a 35cm square topped martini glass will be sure to leave your guests "shaken not stirred".

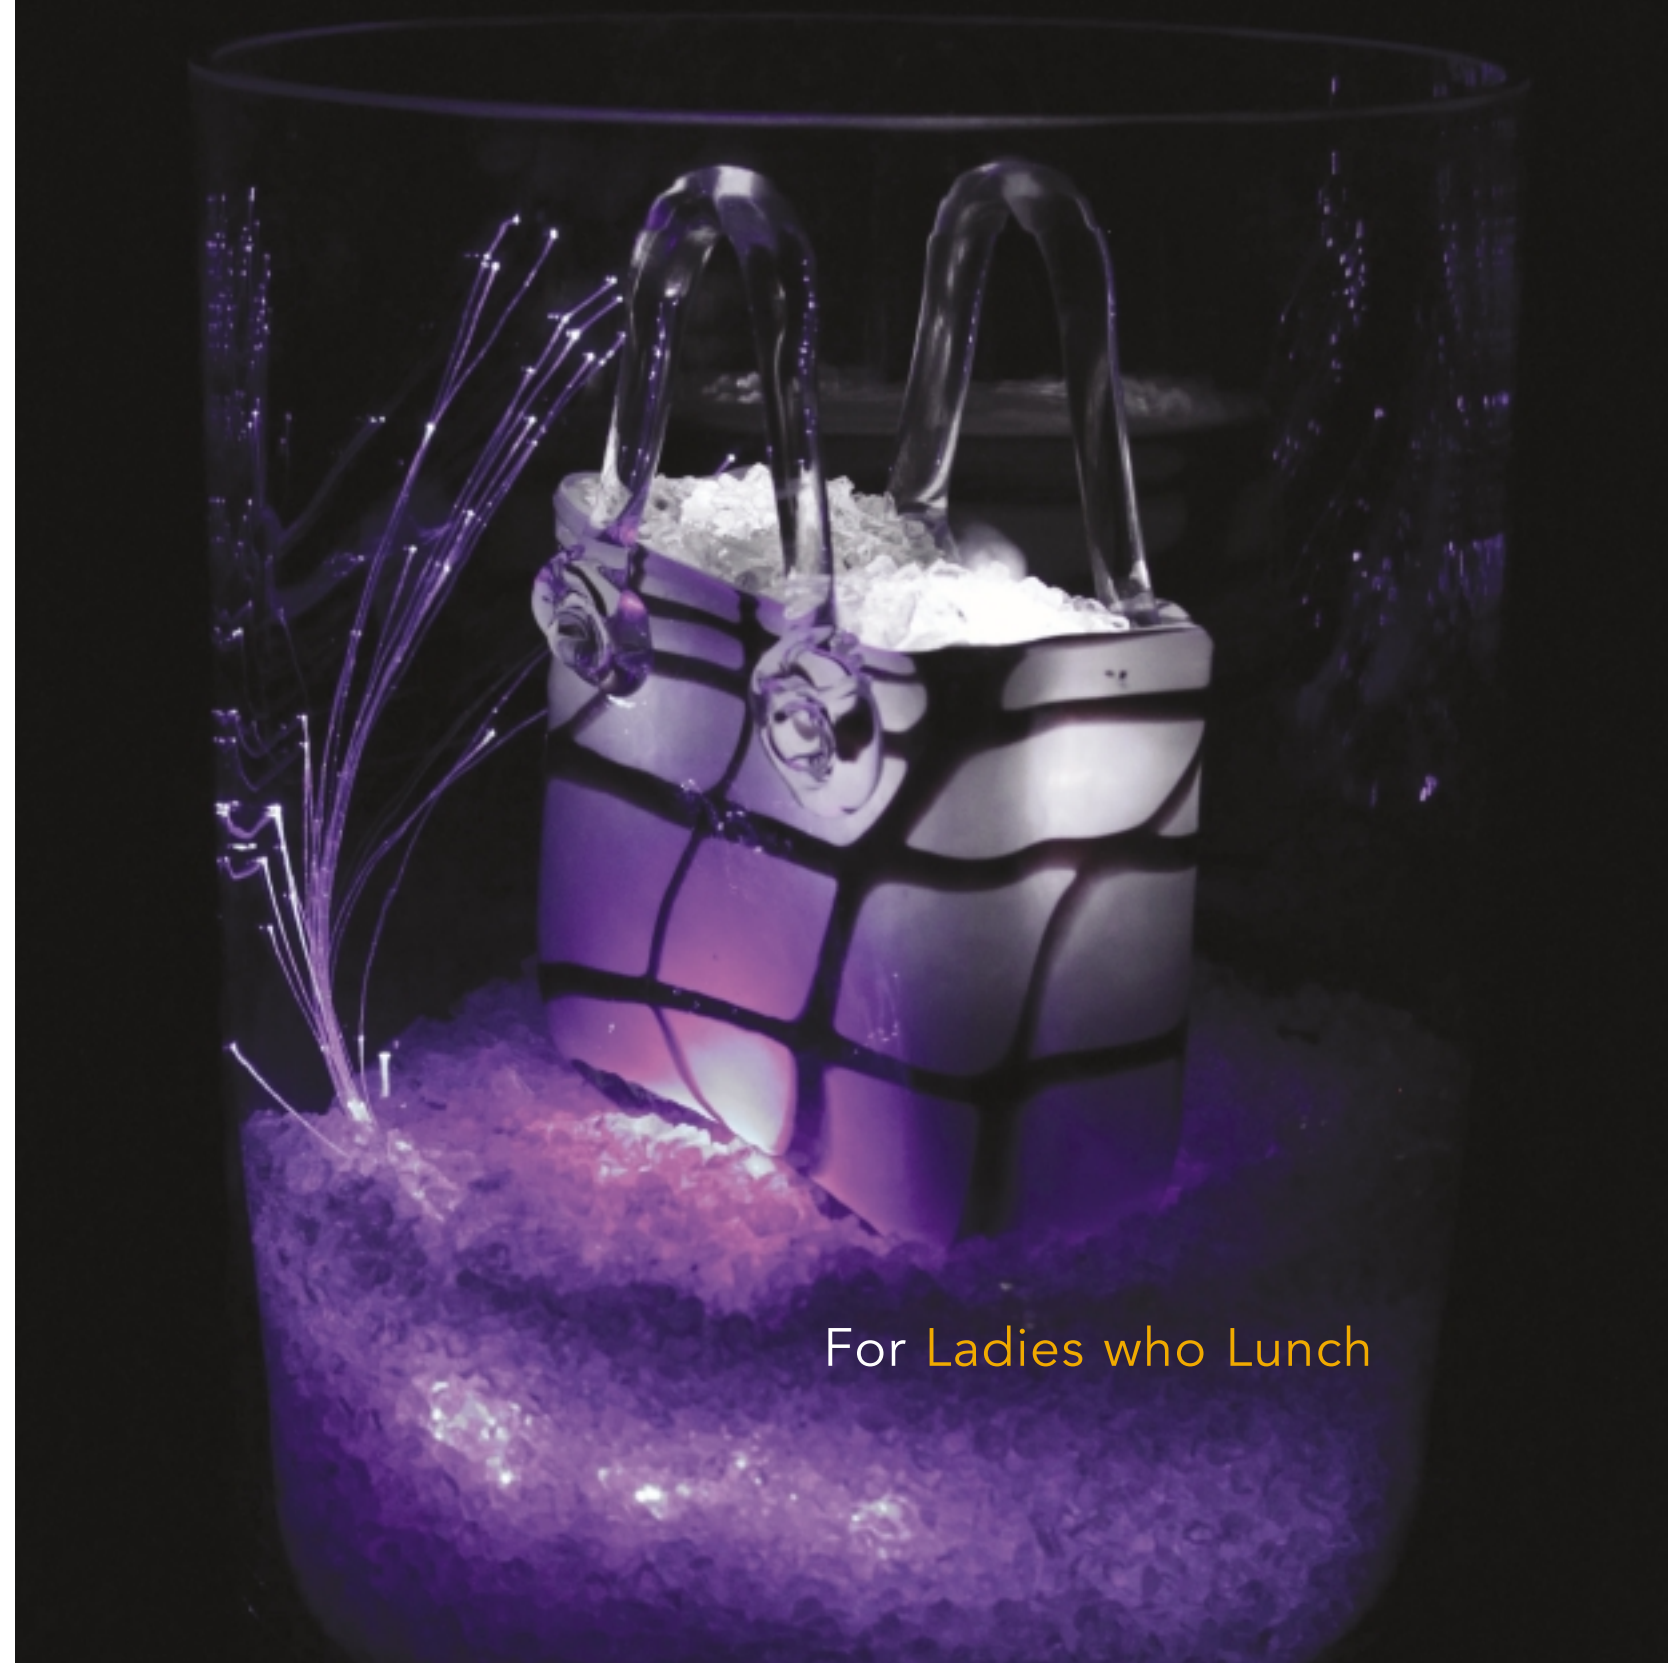

The
Manhattan
Sunset

La Parisienne

The Masquerade

For Ladies who Lunch

The Shiraz

Swapping wine for baubles, crystals and lights, this festive arrangement will leave your guests wanting a second glass.
